EDUCATION

University of Illinois Urbana-Champaign

B.S. in Computer Science + Economics, Minors in Statistics & Advertising

Expected Graduation: May 2029

Champaign, IL

PROFESSIONAL EXPERIENCE

Product Builder Intern

May 2026 – August 2026

Ingenio Care, Inc.

Lombard, IL

- Defined use cases and **product requirements** for an AI care companion, translating patient feedback into features
- Led web-to-mobile UI/UX redesign across **8 feature areas**, including care-plan tracking and medication reminders
- Built a patient and provider outreach pipeline spanning **750+ contacts** across **8 healthcare networks**

Student Product Strategy Consultant

August 2026 – Present

Replit

Champaign, IL

- Build an AI literacy diagnostic to assess user readiness and map Replit Agent adoption across **4+ UIUC colleges**
- Design assessments before and after Replit Agent workshops to measure changes in participant AI literacy
- Translate campus problems into **product development briefs** for a proposed Replit Agent innovation challenge

Student Strategy Consultant

August 2026 – Present

Confidential Media Production Firm (NDA)

Champaign, IL

- Map production workflows for a firm with **\$300K in annual revenue** to establish time and cost baselines
- Interview the founder and contract crew to identify workflow handoff gaps, quality standards, and responsibilities
- Evaluate **AI and media management tools** to standardize post-production and reduce dependence on the founder

Student Strategy Consultant

January 2026 – May 2026

Confidential Berkshire Hathaway-Affiliated Manufacturer (NDA)

Champaign, IL

- Identified **12 potential expansion opportunities** by analyzing **500+ fastener applications** across 10 industries
- Built a **200+ row Excel model** to compare product-market opportunities across existing and emerging end markets
- Presented market expansion findings and recommendations to senior stakeholders to inform the client's 2026 roadmap

LEADERSHIP & INVOLVEMENT

Product Management Fellow

August 2026 – Present

Product Space

Champaign, IL

- Analyze product cases to practice identifying user needs, evaluating solutions, and defining **product priorities**
- Explore a **student apartment chore-tracking concept** as a potential product to build during the fellowship

Senior Strategy Analyst

January 2026 – Present

Disruption Lab at Gies

Champaign, IL

- Help prioritize research for a **9-person consulting team**, aligning project work with client goals and expectations
- Support junior analysts with research questions and project challenges to keep client deliverables moving forward

Experienced Senior Consultant

January 2026 – Present

Illinois Business Consulting

Champaign, IL

- Help set project priorities for an **8-person consulting team**, aligning work with client goals and expectations
- Guide junior consultants through research and analysis, helping resolve questions and develop client recommendations

PERSONAL PROJECTS

Cambio | Live Demo | Next.js, React, TypeScript, Tailwind CSS, Supabase, Vercel

- Built and deployed a **four-player browser card game** with account-free room codes and bots that fill empty seats
- Designed a **four-step onboarding flow**, contextual hints, and animated card interactions to explain game mechanics
- Implemented private player views and version-checked updates in Supabase; tested rules across **40 seeded bot rounds**
